The Black Tie Gourmet Restaurant is located at 1005 W. Colorado Ave. in historic Old Colorado City which is a popular tourist spot. The restaurant offers a wide selection of gourmet food and a variety of beverages and wines. The restaurant has an established customer base and reputation. The restaurant has won several cuisine awards. The restaurant offers carry-out deli, dining area and catering services with meeting room for expansion.

The current owner has relocated for a business opportunity out of state. He is willing to assist in the transfer of the business if needed as he is available.

The current owners bought the property in 2005. They completely tore out all the old plumbing, electrical, flooring, etc. All the old plumbing and electrical was replaced with modern equipment. The owner also installed a 70 gallon grease trap to comply with current code requirements. There has been new equipment installed throughout the kitchen area as well as a recently installed pizza oven. In addition to the remodel of the building, there has been a new parking lot built in back and a new patio dining area built in front and landscaping added throughout the property.

This is a great opportunity for an entrepreneurial chef looking to take over an established business and grow it! The initial hard work has already been done! Do not be the one to miss out on this opportunity.
